These are top-quality heifers ready to go to your ranch and breed. No individual weights, but our yearling heifer crop is averaging 900 pounds as of 1/3/24.

Three of these heifers are from the north herd and weigh in the 700 pound range. One heifer is from the home herd and weighs in at 1100 pounds.

Unvaccinated. Our ranches have had excellent health records through the years, and we have had no need to implement a vaccination program. All animals will be dewormed before the sale. Heifers are OCV (Official calfhood vaccinates for Brucellosis).
